Pathfields MEDICAL GROUP

Consent to proxy access 13-16 year olds

Note: If the patient does not have capacity to consent to grant proxy access and proxy access is considered by the practice to be in the patient's best interest, Section 1 of this form may be omitted

It is difficult to say at what age a child will become competent to make autonomous decisions regarding their healthcare as, between the ages of 11-16, this varies from person to person.

In accordance with article 8 of UK GDPR and Part 2, chapter 2, paragraph 9 of the DPA 2018, from the age of 13, young people can provide their own consent and will be able to register for text messaging services.

Please note that once the patient turns 16, proxy access will be automatically removed. If the patient still wishes for proxy access after their 16th birthday, they will be required to request this again and fill in the adult request form.

Section 1 – Patient declaration

Name of patient**:**		Date of Birth:	
NHS NUMBER			

- I give permission to Pathfields Medical Group to give the person/people indicated below proxy access to medical records.
- I understand that I may reserve the right to reverse any decision I make in granting proxy access at any time.
- I understand the risks of allowing someone else to have access this information.

Signature of patient:		Date:
